

Duel Duo QA

Test Criteria:

- Game loads
- All buttons are functional
 - See All Bots - shows all bots
 - Add to Duo - adds to your deck
 - Remove From Duo - removes from your deck
 - Duel - starts the game
 - Play again - resets the game
- Win/Loss counter should tick based on win/lose after each round

Test Case: Shuffle

Determining that the game randomly selects 5 bot cards

Steps:

Open in Browser

Click "Draw" button

Notate bots that populate

Add two bots using "Add to Duo" button

Select "Duel"

Select "Play Again"

Select "Draw"

Notate bots that populate, check for differences

End:

Draw button gives 5 new cards

Order and cards should be random each runthrough

Bug Report

"See All Bots" button not functioning

Reproduction:

- Start App
- Select "See All Bots"

Expected:

All bot cards should populate

Actual:

Button non-functional

Environment:
Chrome Version 111.0.5563.147 (Official Build) (64-bit)
Windows 10

Bug Report

Win/Loss not counting properly: regardless of game result, loss counter ticks up

Reproduction

- Win a game

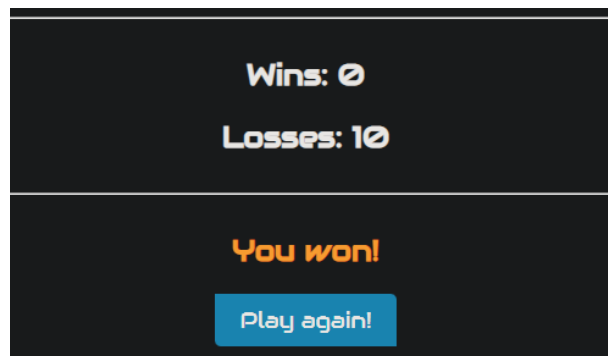

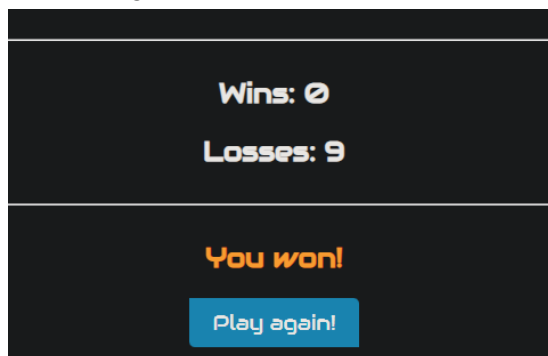

Expected

Loss increases **Losses** by 1, Win increases **Win** by 1

Actual

Loss increases **Losses** by 1, Win increases **Losses** by 1
